The Country Manager  
African Development Bank (AfDB)  
Dar es Salaam, Tanzania

**Subject: Application for Internship or Volunteering Opportunity in the ICT Department**

Dear Sir/Madam,

I am writing to express my interest in securing an internship opportunity in the Information Technology Department at the African Development Bank (AfDB), Dar es Salaam Office. As a Computer Science graduate with a strong passion for technology-driven solutions, I am eager to contribute to AfDB's mission of fostering sustainable development in Africa through innovation and digital transformation.

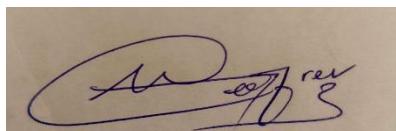

Throughout my academic journey, I have developed solid skills in system development, database management, and network administration. I have also gained hands-on experience in using programming languages such as PHP, Laravel and JavaScript, along with practical exposure to managing and troubleshooting IT systems. These skills have equipped me to adapt quickly to new environments and support technical operations effectively.

I am particularly inspired by AfDB's commitment to leveraging ICT to enhance operational efficiency and empower communities. Joining your IT team would provide me with an invaluable opportunity to apply my technical knowledge, learn from professionals, and grow into a competent ICT practitioner capable of supporting development-focused organizations like AfDB.

I would be grateful for the opportunity to discuss how I can contribute to your ongoing IT initiatives during my internship period. I am available at your convenience and can be reached at +255 688 678 996 or via email at [mulokoziwillium@gmail.com](mailto:mulokoziwillium@gmail.com)

Thank you for considering my application. I look forward to your positive response.

Yours faithfully,

**Mulokozi D. Geofrey**
